

DSA Structural Amendments under review are highlighted in GRAY

Template 19-27

2001 CBC - Chapter 19A  
CONCRETE

Section - 1911A - SHEAR AND TORSION

Subsection(s) - 1911A.1.1.3

1 1911A.1 Shear Strength.

2 ● ● ● ●

3

4 *1911A.1.1.3 Members of space frames which are designed to re-*  
5 *sist seismic forces shall be designed, in accordance with the provi-*  
6 *sions of this section, so that shear failures will not occur if the*  
7 *frame is subjected to lateral displacements in excess of yield dis-*  
8 *placements.*
