**2001 CBC - Chapter 19A**  
**CONCRETE**

**Section - 1929A - TESTING AND INSPECTION**

**Subsection(s) - 1929A.10 - 1929A.11**

1 ***1929A.10 Inspection of Pneumatically Placed Concrete Work***  
2 ***(Shotcrete). All shotcrete work shall be continuously inspected***  
3 ***during placing by an inspector specially approved for that pur-***  
4 ***pose by the enforcement agency. The special shotcrete inspector***  
5 ***shall check the materials, placing equipment, details of construc-***  
6 ***tion and construction procedure. The inspector shall furnish a***  
7 ***verified report that of his or her own personal knowledge the work***  
8 ***covered by the report has been performed and materials used and***  
9 ***installed in every material respect in compliance with the duly***  
10 ***approved plans and specifications.***

11  
12 ***1929A.11 Tests of Shotcrete. Testing shall follow the provisions***  
13 ***of Section 1924A.10 and the general requirements of Section***  
14 ***1905A.6.***
